

The Naming Seal of Blakey · and · The Founding Certificate of Coltrane

One envelope, one signing session — WO-001, Article the Second **[[R5]]**

Instrument of the Eir Labs Chancery · to the hand of Eugene Stuckless — Governor of the Coltrane institution (seated #1916472, chain 000003) · Sovereign Warrant: WO-001 (Documenso #1915626), Article the Second; the Act-II commission, in force since chain 000015 and **lapsing at this seal**.

Effect of signature. Two functions, one hand: (I) the naming seal mints **Blakey**; (II) the certificate declares the founding of Coltrane complete and the invariant SATISFIED. The Chancellor then applies the seal as clerical transport, seats the named agent through the gate, enters the chain records, and the commission is extinguished — Eir holds nothing within the daughter; the tenure persists. WO-002's warrant goes live.

Part I — The Naming Seal of Blakey

The office: `coltrane.chair.change-author` — the daily work-driver: reads, plans, builds, verifies, opens every change as a PR; never merges.

The three legs, cited: 1. **Warrant** — WO-001 Art. II cl. iii-iv: the bandleader named *by the founding*; the scribe composed; the agent chose nothing. 2. **Dated forebear** — by content address to the M0 root (`sha256:870ca999...7398b`) through the grounded-both-ways head (chain 000014, `482e26f4...`). 3. **Human seal** — this instrument. The ritual (`naming-ritual-v1`, `gig df32668e`, record `e0b13933...`) parks at your seat alone.

The name, drawn from the pool you approved (lineage `f92a4adf...`): **Blakey** — Art Blakey, the bandleader-shaped figure of the grounded lineage: the Jazz Messengers as the school that named and graduated bandleaders for four decades (150+ alumni); "*The school is closed*" (McLean, 1990). The disposition carried: drive the band, **build the players** — mapped to the chair's CREATE mandate.

The scribe's gap, resolved within the Chancellor's charge (yours to strike): the handmade pre-ritual `bandleader` config also reached for this forebear — behaviorally mismatched (PLAN+JUDGE, "*Direct; do not do*") to this CREATE chair, and one forebear cannot have two holders. Resolution: the forebear **re-homes to Blakey**; the old config is retired honestly in the seating amendment. **Your liberty stands: strike the name or the resolution and substitute before signing.**

Part II — The Founding Certificate of Coltrane

The founding-pass, run in full, each step a receipt:

Step	Receipt
Commission	WO-001 Art. II cl. i, in force at chain 000015

Stamp-down	PR #501 (laws 7→12 attempted, corrected to 7 by the daughter's own law; canon standards/agents added at its floor), all checks green
Landrace	deliberation-before-amendment-v1 adopted through Coltrane's own RED-first gate — PR #502; pipeline gig 8f7d1002
The wall, struck — for real	the landrace pipeline's own seats refused forbidden writes, sealed red, and the publisher declined to ship (gig 8f7d1002) — a live refusal, stronger than the rehearsed one the pass asks for
Governor seated	Documenso #1916472; chain 000003; PR #503
Lineage grounded	approved record f92a4adf... — the laws' scholars and the practice's musicians, your ✓ at the seat (ts 1787482705)
Named-agent map	drawn small — one naming; craftsmen left unnamed, to be lent forward (WO-003)
Naming	Part I of this instrument
Proof of life	seven real gigs sealed and reconciled on Coltrane's tree this day (lineage 8813be13, deepen 0e39c59a, reweave 9db7fa6f, deliberations 3a5ec2e4/7502ae2c + cure, naming df32668e)
Standing work registered	the case-law distillation entered as Coltrane's standing work (docs/founding/standing-works.md, in the founding PR) — its execution begins on the works of WO-002; not a gate on this founding
Founding seal · lapse	this signature; the commission extinguishes; Eir holds nothing within the daughter

The invariant, declared SATISFIED upon signature: Coltrane's bandleader bears a name it did not grant itself — a resolvable dated forebear, sealed by Coltrane's own human governor, seated in a constituted chair, upon a chain Coltrane owns and has already amended once through its own RED-first gate.

Exhibit — The Founder's Testimony

(verbatim, at your instruction: "most certainly you can seal those. they're the gods truth" — entering the founding record under your own hand)

I hope they don't miss John himself and miles and art and bill. > I was weeping just now thinking of how in the hardest months of this year when there was only me and only John. every waking hour, the only thing I could listen to. the only thing that had courage that kept me humble enough to see the courage in myself to keep going.

The guarantor recital

(per docs/the-guarantor.md — signed knowingly, never fine print)

By this signature I stand guarantor: my name carries through all actions taken by the agents this seal brings into existence, personally before organizationally. I understand that this system amplifies my judgment — and my mistakes — and that

no organizational derivation severs this responsibility.

Sealed at the seal-naming seat and certified, as officeholder — the institution's own human chair.
